2019 BUSINESS STRATEGY

Do you know how much You want to Earn this Year?

National Average Life Term Policy \$ 50.00

\$ 50.00 x 12 Months = \$ 600.00

\$ 600.00 x 90% = \$ 540.00

4 Policies of \$ 50.00 weekly = \$ 2,160.00

\$2,160.00 x 52 weeks = \$ 112,320.00

Note: Imagine that the average of a family is having 2 policies for each breadwinner, one of Term protection, and another of Retirement, Final Expenses, Education of their children or grandchildren, Business or Family Legacy.

In our company we also have Health Insurance, Medicare, Property And Casualty, Supplements etc, imagine how much YOU could earn if you apply this formula to all our products.
